Everest Stefan MUNRO-ZEISBERGER

Nationality	Canadian / German
Contact Details	Email: evmunro1@gmail.com Mobile: +65 97334081
Experience	

June 2015 - Present	**Intern at TATA Telecommunications, Singapore** As an Intern at TATA Singapore, I am implementing Elasticsearch, Logstash and Kibana to analyze logs collected from OpenStack servers, to infer performance bottlenecks, sizing and scaling of the cloud platform.
May 2015 - Present	**Research Assistant at INSEAD** As a research assistant for INSEAD's Global Private Equity Initiative, I am building a web-based data visualization to compare and rate global Private Equity funds.
March 2014 - Present	**Data Science at INSEAD** Working with Prof. Sameer Hasija, building a web application allowing us to download and analyze LinkedIn network data for use in social networks research.
April 2014 – Dec 2014	**Head of Technology team at TEDxUWCSEA** Managed a team of 10 people as we built a website and organized sound, lighting, filming and livestreaming for twelve inspiring talks at the event.
Nov 2013 – May 2015	**Founder of UWCSEA Robotics Club** Created an environment for experimenting with technology that has grown from two to 15 regular members. We began with simple projects such as small electronic games and recently completed our most advanced project yet, a small autonomous car.
Oct 2013	**Programmer at The Stakeholder Company** Interned at the Stakeholder Company for 1 month, working with a team that built an application for the 2014 WEF in Davos. My role was gathering and analyzing data and designing the user interface for WEF participants. Reference from the CEO available.
Nov 2013 – April 2014	**Roving Reporter at the Thai Polo Club** Wrote a series of articles about Polo tournaments and other equestrian events at the club. These articles were published in Polo International and Polo Quarterly magazines.
July 2013 & July 2014	**Horse Groom at the St. Tropez Polo Club** Having worked at the St. Tropez Polo Club for 2 summers, exercising and training horses for professional polo players, as well as grooming and mucking out stables I'm more than willing to get my hands dirty.

Skills

Spoken Languages	English, Mandarin
Programming Languages	Java, Javascript, Arduino, Python, Processing, Shell Scripting
Technologies	d3.js, Bootstrap, GetSimple CMS, OAuth, REST, Scrapy, Java Tomcat, Jekyll

Education

2015-Present	**Computer Science at The University of Waterloo**
2006 – 2015	**United World College of South East Asia** Graduated with top grades in Physics, Math and Computer Science Awarded top computer science student in 2013 and 2014 Captain of the UWCSEA Cross Country team

Volunteering & Other Experience

Sept 2015	**Hack the North**
	Built SleepHacks, An AirBnB-style webapp that allows hackers to share places to stay during hackathons.
March 2014	**English Teacher at Smiling Hearts Foundation, Cambodia**
	Taught English at a school for underprivileged children in Cambodia, and found engaging ways to help the children of the Smiling Hearts school improve their English speaking skills.
Aug 2013 – June 2014	**Volunteer Math & Science Tutor at the Da Qiao Primary School**
	For one year, the rest of the volunteers and I held weekly sessions where we conducted science experiments, helped the children with their homework, and played games.
Jan 2013 – June 2014	**Head of Internet Radio at UWCSEA's Radio**
	Converted the old-fashioned PA radio to an internet radio that could be accessed anywhere, and saw more use than the old system.
